Project Description

This project replaced the aged sewer force mains running along NE 21st Way from NE 38th St to NE 39th St and along NE 22nd Avenue from NE 39th St to NE 44th St.

The project consisted of the replacement of approximately 200 LF of 20-inch force main, 1,400 LF of 16-inch force main, and 3,500 LF of 6-inch and 4-inch of C-909 PVC force mains. The project also included concrete restoration, roadway restoration and milling & resurfacing.
