Project Description

The work includes the installation of approximately 1,550 LF of 16-inch DIP water main and 950 LF of 12-inch DIP water main. Additionally, installed approximately 1,500 LF of 20-inch force main along Sample Road from University Drive to Coral Hills Drive, including both intersections, along with a turn lane on Sample Road for NW 94th Avenue. Project also included the milling, resurfacing and striping of the project.
