## Project Description

The project consisted of the installation of a 12-in force main pipe along Rock Island Road starting south of West Atlantic Boulevard until Southgate Boulevard, then continuing on Southgate Boulevard to the east until NW 64<sup>th</sup> Avenue. Approximately 3,100 LF of 12-inch DIP force main was installed via open cut, 3,100 LF of 12-inch HDPE force main was installed via horizontal drilling and an additional 400 LF of 12-inch HDPE force main was installed beneath the C-4 canal via horizontal drilling. The scope of work included hardscape restoration (curb & gutter, sidewalk and driveways), milling, resurfacing and pavement markings.
